

Typical Applications

Floor Plus II™ is an environmentally friendly ready-to-use formula specifically designed for the cleaning of tile flooring and grout in food processing facilities and commercial kitchens and bathrooms. In addition, **Floor Plus II™** can be used outdoors (above 55°F for best results) around garbage collection areas, on concrete, concrete pavers and asphalt to clean embedded organic stains and to control odors. For best results, when used outdoors, if conditions permit, use after sun-down and do not rinse. **Floor Plus II™** can also be used in floor machines.

When used outdoors (above 55°F for best results) dampen the surface to be cleaned, apply 2-4 oz. of **Floor Plus II™** per gallon of water or directly on tough stains, scrub with broom or brush, keep damp and allow it to work for 30 minutes. Rinse or power-wash, or leave overnight to dry if conditions permit. Difficult stains may require multiple applications.

Benefits

- Cleans Floors
- Cleans Grout
- Reduces Slippage by Removing Grease
- Controls Odors
- Cleans concrete, concrete pavers and asphalt of embedded organic stains
- Enhances customer perceptions

Caution: Eye Irritant
