

Urinal Block PlusTM

a biological urinal block

CCD - 165 Urinal Puck

PRODUCT DATA SHEET

GeoKleenTM, a market leader in bringing environmentally friendly biological products to market.

Urinal Block PlusTM utilizes the science of biotechnology and is designed to deliver immediate and effective odor control in urinals. In addition, Urinal Block PlusTM inoculates the drain line system with beneficial, naturally occurring microorganisms.

The microorganisms degrade the organics that cause odors and back-ups, making for a cleaner, fresher smelling restroom experience.

Urinal Block PlusTM meets environmental standards of many states.

Urinal Block PlusTM is formulated and manufactured to be within the parameters of certain environmental standards.

The standards are as follows:

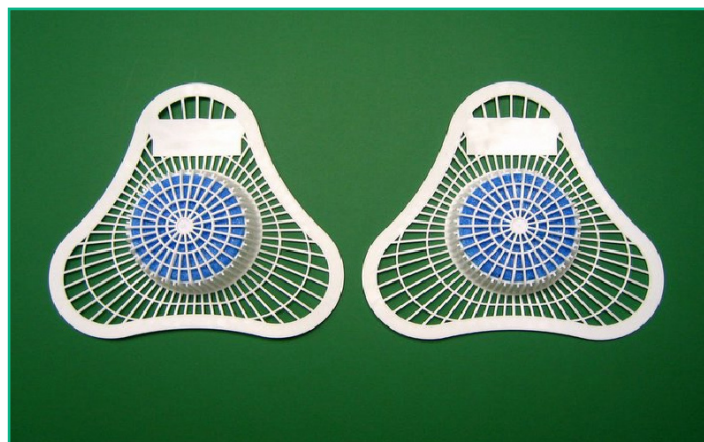

Neutral pH (5.5 – 9.5)	Low VOC's
Biodegradable surfactants	Does not contain nonyl-phenols
Phosphate free (< 0.5%)	Does not contain chlorine bleach
Free of heavy Metals	Contains no chemicals associated with Prop 65 warnings.

Features

- Fresh, pleasant fragrance for immediate odor control.
- Continuous treatment to reduce odors.
- Reduce costly drain back-ups due to organic buildup.
- Longer lasting vs. traditional para blocks. Estimated 1,500 flushes vs. 1,000 flushed for para blocks.

Benefits

- Enhance patrons perception of restroom with a cleaner, fresher smelling environment.
- Provide a safer and healthier solution for patrons and custodial technicians.
- Maintain freshness without offensive chemical odors.
- Maintain cleaner and fresher smelling facilities with less effort.

Storage and Handling

- Store in a cool, dry place.
- Wash hands with warm, soapy water after contact.

Available Packaging

- 4-oz X 12 per case with screens.
- 4-oz X 12 per case without screens.

Product Characteristics

Bacteria Count.....	3.6 X 10 ⁷ CFU/g
Salmonella	Not detected
Appearance	Blue
Fragrance	Apple
Shelf-Life	One year, maximum microbial loss of 1.0 log at recommended storage conditions

This product is approved for use in Canada.
